

I'm sorry but I have discontinued the free download of most of my books. The price to obtain a download is 99 cents through my website at <http://donaldJamesParker.com/sosProducts.aspx>

If you absolutely can't afford the 99 cents, you can send me an email at djp@donaldJamesParker with the subject line containing only the number of the book (just one at a time) that you desire. Please write up a review if you like the book and tell your friends. The only way my books will become known is by word of mouth, so if you feel that God would want this book read, please tell others.

The book numbers are

- 429 The Bulldog Compact
- 434 All the Fury of the Wind
- 437 Love Waits
- 452 Silver Wind
- 421 All the Voices of the Wind
